An act to amend Section 31672 of the Government Code, relating to county employees' retirement.

LEGISLATIVE COUNSEL'S DIGEST

AB 2863, as introduced, Karnette. County employees' retirement: voluntary retirement.

Under existing law, a member of a county retirement system may retire after filing a written application with the board of retirement. Existing law requires the member to select a date that his or her retirement will be effective and this date may not be more than 60 days after the date the application is filed with the board.

This bill would additionally provide that the effective date of a member's retirement may not be earlier than the date the application is filed with the board.
